Subpart B—Occupational Labor Certification Determinations

§ 656.5 Schedule A.

We have determined there are not sufficient United States workers who are able, willing, qualified, and available for the occupations listed below on *Schedule A* and the wages and working conditions of United States workers similarly employed will not be adversely affected by the employment of aliens in *Schedule A* occupations. An employer seeking a labor certification for an occupation listed on *Schedule A* may apply for that labor certification under § 656.15.

SCHEDULE A

(a) Group I:

(1) Persons who will be employed as physical therapists, and who possess all the qualifications necessary to take the physical therapist licensing examination in the state in which they propose to practice physical therapy.

(2) Aliens who will be employed as professional nurses; and

(i) Who have received a Certificate from the Commission on Graduates of Foreign Nursing Schools (CGFNS);

(ii) Who hold a permanent, full and unrestricted license to practice professional nursing in the state of intended employment; or

(iii) Who have passed the National Council Licensure Examination for Registered Nurses (NCLEX-RN), administered by the National Council of State Boards of Nursing.

(3) Definitions of Group I occupations:

(i) *Physical therapist* means a person who applies the art and science of physical therapy to the treatment of patients with disabilities, disorders and injuries to relieve pain, develop or restore function, and maintain performance, using physical means, such as ex-

ercise, massage, heat, water, light, and electricity, as prescribed by a physician (or a surgeon).

(ii) *Professional nurse* means a person who applies the art and science of nursing which reflects comprehension of principles derived from the physical, biological and behavioral sciences. Professional nursing generally includes making clinical judgments involving the observation, care and counsel of persons requiring nursing care; administering of medicines and treatments prescribed by the physician or dentist; and participation in the activities for the promotion of health and prevention of illness in others. A program of study for professional nurses generally includes theory and practice in clinical areas such as obstetrics, surgery, pediatrics, psychiatry, and medicine.

(b) Group II:

(1) *Sciences or arts (except performing arts)*. Aliens (except for aliens in the performing arts) of exceptional ability in the sciences or arts including college and university teachers of exceptional ability who have been practicing their science or art during the year prior to application and who intend to practice the same science or art in the United States. For purposes of this group, the term “science or art” means any field of knowledge and/or skill with respect to which colleges and universities commonly offer specialized courses leading to a degree in the knowledge and/or skill. An alien, however, need not have studied at a college or university in order to qualify for the Group II occupation.

(2) *Performing arts*. Aliens of exceptional ability in the performing arts whose work during the past 12 months did require, and whose intended work in the United States will require, exceptional ability.

Subpart C—Labor Certification Process
